in 1500 fewer than three million people spoke english today english speakers number at least  
a billion worldwide this book asks how and why a small island people became the nucleus of  
an empire on which the sun never set david rollison argues that the english explosion was the  
outcome of a long social revolution with roots deep in the medieval past a succession of  
crises from the norman conquest to the english revolution were causal links and chains of  
collective memory in a unique vernacular populist movement the keyword of this long  
revolution commonwealth has been largely invisible in traditional constitutional history this  
panoramic synthesis of political intellectual social cultural religious economic literary and  
linguistic movements offers a new constitutional history in which state institutions and power  
elites were subordinate and answerable to a greater community that the early modern english  
called commonwealth and we call society
